

Sungrow Inverters: Australia A setting

Disclaimer

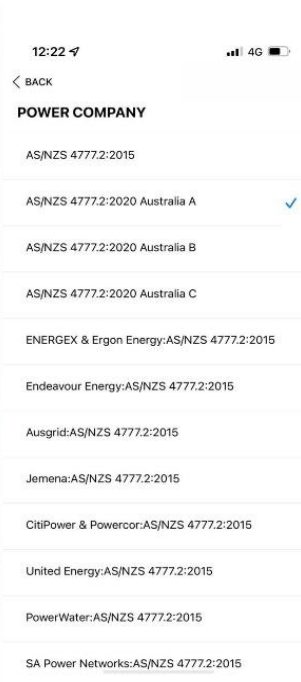

The material in this document has been prepared by Sungrow Australia Group Pty. Ltd. ABN 76 168 258 679 and is intended as a guideline to assist solar installers for troubleshooting. It is not a statement or advice on any of the Electrical or Solar Industry standards or guidelines. Please observe all OH&S regulations when working on Sungrow equipment.

Australia A Setting

For SG5/8/10RT, SH5/10RT, SG5/8/10RS, CX30/50/110, Australia A setting can be sourced from the portal screen shot, under Settings:

For SG5/8K-D inverters:

Need to put inverter label (can get from STC application to save the site visit) and Australia A selection into same screenshot.

The route to get Au A selection is via iSolarCloud App:

- >Overview
- >device
- >select the inverter
- > settings
- >initial Grid
- >power company
- >Australia A (once select Au A, page will jump back to initial grid)
- >back to Power Company to take the screen short
- > after take screen shot apply the setting

If the issue persists after following above procedures, please take photos testing on site and contact Sungrow Service Department on 1800 786 476 or email to service@sungrowpower.com.au, Monday- Friday 9am - 5pm (AEDT).
