

Sungrow Technical Note

Comparison of SH5K+ (Non-EPS) and SH5K+

Dear customers,

Sungrow upgraded and provided our SH5K+ (Non-EPS) module in 2017. The SH5K+ (Non-EPS) has similar technical features with the SH5K+. To assist you to easily understand this change, we would like to summarise the comparison as shown in Table 1.1.

Table 1.1

Inverters	SH5K+ Non-EPS	SH5K+
How to distinguish these models?	<ul style="list-style-type: none"> - Gold casing - Two buttons 	<ul style="list-style-type: none"> - Silver casing - Four buttons 
Energy Meter		
Emergency Power Supply with STB5K?	x	✓
Retrofitting the existing PV system?	x	✓
Forced charge from the grid?	x	✓
Load import power recording?	x	✓
Battery Usage Time	One time period on weekends	Two time periods each on weekdays and weekends

For any scenario which is not listed in table 1.1, contact our service team on 1800 SUNGROW (786 476) or email to service@sungrowpower.com.au if you have any inquiries.
